

SARTHAK THAKARE

Indie Developer & Software Consultant

India | sathakare12@gmail.com | +91 9970366428 | linkedin.com/in/sarthak-thakare

PROFILE

Indie developer with 1.5+ years of experience shipping software end to end - from the first conversation through planning, design, development, testing, and handover. Stack-agnostic on purpose: the product and the problem decide the tools. Comfortable in fast-paced work, strong on communication, and focused on shipping something you can actually use.

EXPERIENCE

Software Developer | Dec 2024 - Present

Building multi-tenant products end-to-end - interfaces, APIs, third-party integrations, and performance work for live users.

- Role-based dashboards for a multi-tenant LMS + CRM serving 5+ branches and 20,000+ users.
- APIs for admissions, attendance, exams, fee management, and CRM workflows.
- Live-class and payment integrations supporting 500+ monthly transactions.
- Real-time notifications that improved engagement and response speed by 30%.
- Data-layer tuning that cut API response times by 35%.
- Workflow dashboards managing 100+ projects and tasks across multiple roles.
- 15+ APIs and automation services for task lifecycle management.
- Authentication and role-based access across 4 user access levels.
- Automated reminders that reduced manual tracking effort by 40%.
- Deployment consistency improved by 25% through branching and pipelines.
